Anti-ADORA2A

Source: Goat

General description: Goat polyclonal antibody to ADORA2A. It is a member of the guanine nucleotide binding coupled receptor (GPCR) superfamily. The receptors are seven-pass transmembrane proteins that respond to extracellular stimuli and activate intracellular signal transduction pathways. It plays an important role in many biological functions, including cerebral and renal blood flow, immune function, cardiac rhythm and circulation, pain regulation, and sleep. It has been implicated in pathophysiological conditions such as neurodegenerative and inflammatory disorders.

Alternative names: A2aR, ADORA2, RDC8 antibody.

Form: Polyclonal antibody supplied as a 100 µl (3 mg/ml) aliquot in PBS, 20% glycerol and 0.05% sodium azide. This antibody is epitope-affinity purified from goat antiserum.

Immunogen: Recombinant peptide derived from within residues 360 aa to the C-terminus of human ADORA2A produced in E. coli.

Specificity: Detects endogenous levels of ADORA2A in brain by Western blot.

Reactivity: Reacts with Human, Rat, Mouse, Monkey and Canine proteins

Sample	WB	IHC (F)	IHC (P)	IF	ELISA
Human	+++	ND	ND	ND	ND
Rat	+++	ND	ND	ND	ND
Mouse	+++	ND	ND	ND	ND
Canine	+++	ND	ND	ND	ND
Monkey	+++	ND	ND	ND	ND

+++ excellent, ++ good, + poor, ND not determined

Usage:

WB: 1:500-1:2,000

Storage: For continuous use, store at 2-8 C for one-two days. For extended storage, store in -20 C freezer. Working dilution samples should be discarded if not used within 12 hours.

Special instructions: The antibody solution should be gently mixed before use..

Anti-ADORA2A Ab at 1/1,000 dilution; lysates at 50 µg per lane; rabbit polyclonal to goat IgG (HRP) at 1/10,000 dilution;

For research use only, not for diagnostic use

SICGEN's Proprietary Immunogen Policy

In order to produce high specific antibodies SICGEN has invested a lot of time and effort into selecting immunogen sequences. SICGEN has decided to protect this information by not publishing it on the website. However, these sequences are available on request.
