

**FMOC-Dap(Boc)-OH \*CAS 162558-25-0\***Catalog number: 5110  
Unit size: 10 g**Product Details**

---

Storage Conditions	Freeze (<-15 °C)
Expiration Date	12 months upon receiving

**Chemical Properties**

---

Appearance	Solid
Molecular Weight	426.46
Soluble In	DMF
Chemical Structure	

**Applications**

---

FMOC-Dap(Boc)-OH is a common peptide building block. As lysine residue its 3-amino group is often used for carrying a tag moiety such as a fluorescent dye, a quencher or biotin.
