

Ofloxacin-HRP Conjugate

Catalog number: 50019

Unit size: 1 mg

Product Details

Storage Conditions	Freeze (<-15 °C)
Expiration Date	12 months upon receiving

Chemical Properties

Appearance	Liquid
------------	--------

Applications

Ofloxacin-HRP conjugate is used for developing an ELISA assay for quantifying ofloxacin. Ofloxacin-HRP conjugate has minimal number of ofloxacin molecules on each HRP to maximize its assay sensitivity.
