

## Spectinomycin-BSA Conjugate

Catalog number: 50038  
Unit size: 1 mg

### Product Details

---

Storage Conditions	Freeze (<-15 °C)
Expiration Date	12 months upon receiving

### Chemical Properties

---

Appearance	Liquid
------------	--------

### Applications

---

Spectinomycin-BSA conjugate is used for developing anti-spectinomycin antibodies that are typically used in an ELISA assay. Spectinomycin-BSA conjugate has multiple spectinomycin molecules on each BSA to maximize its immunogenicity.
